

MINERAL POINT STADIUM PROJECT

BUILT BY THE COMMUNITY,
FOR THE COMMUNITY.

PROJECT SYNOPSIS 2016

THE TIME IS NOW TO MAKE A DIFFERENCE

PROJECT HISTORY

In 1994 a referendum was passed for the purposes of paying the cost of acquiring land; constructing a new grade 6-12 facility and related site work; remodeling, maintaining and renovating the Mineral Point Elementary School; and acquiring equipment and furnishings. The related site work on the plans included a stadium evidenced by the installation of the light poles with no lights as part of the referendum dollars spent. For almost two decades the district has been unable to implement the relocation of the field to the high school. The district was also unable to invest in infrastructure and related improvements at the elementary site. This has created baseball and football programs with fields that do not meet NFHS standards for regulation fields, are not able to host WIAA post-season events, and are not safe. Before the district made a significant investment in a site to remedy the current situation, a determination was made that the high school stadium site should be the eventual location and investment at the elementary site should be kept to a minimum.

PROJECT GOALS

- Create a safe community space for activities.
- Ensure access to events for those with disabilities.
- Build a facility that will benefit generations of students and community members.
- Have a facility capable of hosting post-season games.

	Old Field	New Field
ADA (Americans with Disabilities Act) Accessible		✓
Regulation size field		✓
Locker rooms		✓
Showers		✓
Restrooms		✓
Ability to hold playoff games		✓
Adequate and safe bleacher seating for home and visiting fans		✓
Players and officials do not need to be bussed to the field		✓
Band equipment on-site		✓
Adequate fencing for field control		✓
Field maintenance equipment on-site		✓
Shelter for teams and officials		✓
Ticket booths to control cash flow		✓
Area surrounding the field is safe		✓

TRADITION CONTINUES

"I coached football for 34 years at MP and I have an emotional attachment to the old field. I understand why it is tough to move to a new facility. However, things change and times change. And as much as we would like to hang onto the past, it is not really for the benefit of the future. I feel that it is time to move to a facility that will emulate what we have with our high school and other athletic facilities." – Al Bauman

DOWN TO G...
T.O.L.
HOME OF THE POINTERS

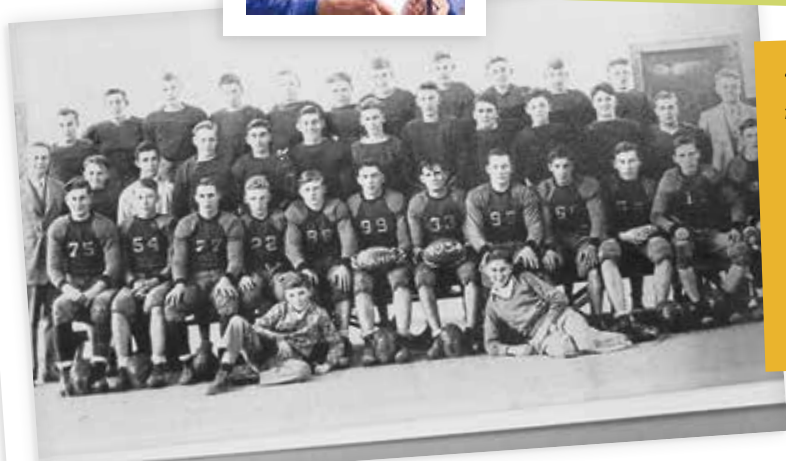

"Oh man, if this becomes a reality I would be the first there every week the games are at home."

– Mitch Hamilton, Mineral Point Alumni

"The access to locker rooms, bathrooms, and not having to take a bus to home games would be very convenient. Most importantly, having a facility capable of hosting WIAA playoff games is a priority of mine and will be a wonderful opportunity for our community in the future."

– Andy Palzkill, Head Football Coach

"Our community and school need to work together as a 'team' to make our stadium a reality. Let's have a football stadium that is top notch like our school and other athletic facilities."

– Ron Murphy, Former Mineral Point Football Head Coach

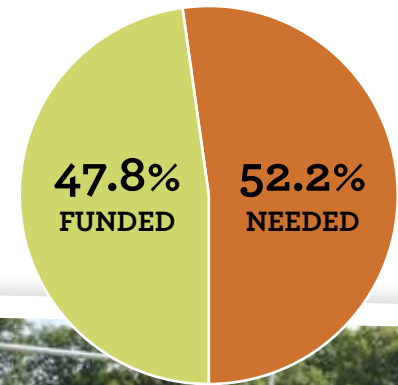

PROJECT FUNDING

The overwhelming majority of the project will be funded using private funds. However, the school district recognizes ownership in the current stadium and the related routine maintenance required. In partnership with the community, the district has discussed making available funding for relocating the stadium at a comparable amount to the money that would have been budgeted to perform routine maintenance on the existing stadium.

The total project cost is \$835,000. The total project cost does not include the concession building, which has anticipated funding through in-kind donations. The project has the support of the Mineral Point Alumni Foundation, Mineral Point Gridiron Club, school administration and a dedicated steering committee.

Percent Funded as of
February 2016

PROJECT PROGRESS

COMPLETED as of February 1, 2016

- Electrical transformer and service connections
- Light Pole Bases
- Scoreboard
- Blasting for Sewer and Water Lines
- Plumbing
- Irrigation
- Goal Posts
- Flagpole
- Bleacher Footings
- Paving Parking Lot and Under Bleachers
- Site Work - Concrete Curb, Sidewalk, Walls, Stairs, and Grading of Field
- Survey and Engineer Design

UPCOMING

- Bleachers
- Press Box
- Lights
- Concession building

CORPORATE DONOR OPPORTUNITIES

All donations are tax deductible. Visit www.mpstadium.com for more information.

Championship Club • \$25,000 +

- **8' x 5'6" sign*** proudly displayed on the back of the Press Box for five years. One-time opportunity to renew for an additional five years for half of initial donation. (Sign space limited to four signs - see above.)
- **Featured game sponsor** once a year for five years. This includes: logo/acknowledgment on the game program cover, pre-game introduction and recognition at halftime.
- **Half-page advertisement** in Mineral Point home football programs for five years.
- **Name announcement** throughout the football, volleyball, basketball, and wrestling seasons as a Championship sponsor.
- **Name recognition** proudly displayed on donor recognition signage on school grounds.

Victory Club • \$12,500 +

- **7' x 3' sign*** proudly displayed on the top bleacher fence for five years. One-time opportunity to renew for additional five years for half of initial donation. (Sign space limited to ten signs - see above.)
- **Quarter-page advertisement** in Mineral Point home football programs for five years.
- **Name announcement** throughout the football, volleyball, basketball, and wrestling seasons as a Victory Club sponsor.
- **Name recognition** proudly displayed on donor recognition signage on school grounds.

End Zone Club • \$5,000 +

- **5' x 3' sign*** proudly displayed on fence around stadium for five years. One-time opportunity to renew for an additional five years for half of initial donation
